

*Dewan.*—The Deputy Commissioners will be asked to investigate the grievances and the necessary relief will be afforded.

*Mr. P. Venkappaiah.*—The girls' school at Sagar has been in existence for the past 30 years. This is one of the premier schools in the malnad. It may therefore be converted into an A. V. girls' school.

*Dewan.*—This will be considered when funds are available.

*Mr. P. Venkappaiah.*—There are nearly 120 pupils in the girls' school at Sagar and they are withdrawn from the school as soon as they attain the age of 10 years. If a lady teacher is posted for the higher classes, these girls can study for a further period of three or four years.

*Dewan.*—If you guarantee 12 pupils for the higher classes, the Inspector-General of Education will appoint a lady teacher.

*Mr. P. Venkappaiah.*—The important villages of the Belandur hobli are nearer to Sagar than to Shikarpur. During the rainy season these villages will have been practically cut off from Shikarpur owing to 3 or 4 unbridged *hallas* on the way. It is therefore necessary that these villages should be added on to Sagar taluk in the interests of village administration.

*Another Member.*—As new roads have been formed recently, no inconvenience will be felt by the villagers. The villages should therefore remain as they are.

*Dewan.*—The Revenue Commissioner will be consulted.

*Mr. Nagappa Gowda.*—The present A.-V. School building at Kallurkatte is very small and it may be extended early as boys are put to much inconvenience, especially during the rainy season.

*Dewan.*—This case will be noted.

*Mr. Nagappa Gowda.*—The girls' school at Kallurkatte is now held in a rented building which has not enough ventilation. It is therefore prayed that a Government building may be constructed on an elevated place.

*Dewan.*—This will also be noted.

*Mr. Esuff Khan.*—The existence of the Kumsi Sub-Taluk goes a long way for the improvement of that portion of the malnad tract. The income from the Sub-Taluk is about Rs. 50,000 while the expenditure on administration comes only to about Rs. 3,000 or so. Representations were also made in the matter to the Member of Council and to the Revenue Commissioner. Resolutions and petitions were also submitted and a telegram was also sent praying for the retention of the Sub-Taluk. The Sub-Taluk may not therefore be abolished.

*Dewan.*—The matter is under consideration. Orders will not be passed till I go and personally see the place.

SUBJECT No. 227.

Conversion of the girls' school at Sagar into an A.-V. girls' school.

Mr. A. Narasimha-iyengar, Sagar Town Municipality.

SUBJECT No. 228.

Posting of a head mistress to the girls' school at Sagar.

Mr. A. Narasimha-iyengar, Sagar Town Municipality.
